

Community Visits

We have all reregistered with the Ring and Ride again and we have started to book trips out into the community with our residents. The first stop being the PUB! We are pleased to say that we have had a very good response from the ring and ride.

We had a wonderful lunch out at the Manor Farm, where we enjoyed a carvery and a drink. Val also enjoyed a large chocolate cake with custard to follow, and George swilled his down with a pint of John Smiths!

Following last years successful volunteering scheme from the University College of Birmingham, we are again going to have more trainee paramedics come and work with us as part of their training for working with elderly clients.

Flu and Covid Vaccines

We have the nurses from Poplars Doctors surgery coming into our home on 13th October at 2pm to administer the seasonal Flu and Covid vaccinations to all of our residents.

Coughs and colds

A gentle reminder to everyone as the weather changes, please stay at home if you have any symptoms of coughs and colds due to the vulnerability of our lovely residents. Thank you.

Landscaping Project

Thank you to all of the families who have donated plants and bulbs for our Landscaping Project in the back garden. Mick has been very busy planting them. The donations have been mainly bulbs so we will look forward to when they start to bloom! If you would like to make a donation of either a plant or some bulbs, please bring them into the office and we will pass them over to Mick, who will be happy to plant them where you wish. Thank you.

Summer Clothes

We would like to request that you sort through the clothes of your loved ones and remove all the summer items to make room for the winter clothes. The weather is now changing and the woollies are coming out! Thank you as this is a real help.

Community walks

On a few occasions, the residents have enjoyed a brisk walk in the Autumnal sunshine down to the local shop where they have picked up a few goodies and essentials! They have admired the views along the way.

Art Work

As you may know, we have a few budding artists who love to get creative. Our residents have worked together to create lovely displays on the walls for our Autumn theme, ready to decorate the lounge.

Individual activities are important for that 1 to 1 time with the carers, exploring activities that they are interested in like: Brenda with the piano, Janet looking through her photos or white board word association and chatting about topics they are interested in.

National Days are returning!!
'National Pancake Day' above and 'National Chocolate Milkshake Day' was a hit. Who doesn't love a chocolate Milkshake.

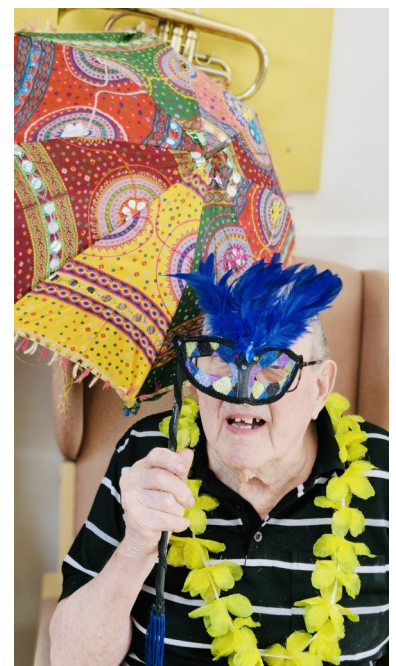

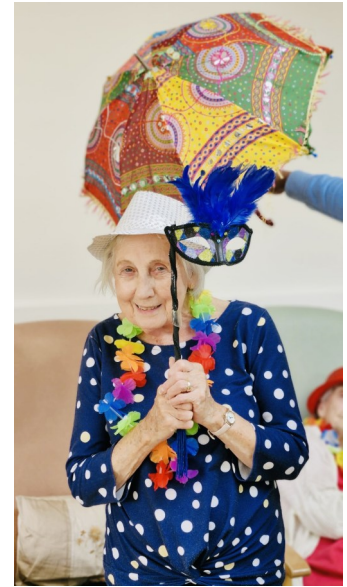

20th September Dawn was unable to attend her Granddaughter's wedding, so we celebrated with her. Mark brought in a delightful cake and a few bottles of wine and Nicky did a lovely buffet. Congratulations to Natalie and Ryan, we wish you many years of happiness! ❤️

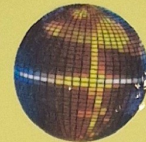

Bollywood Dance Company

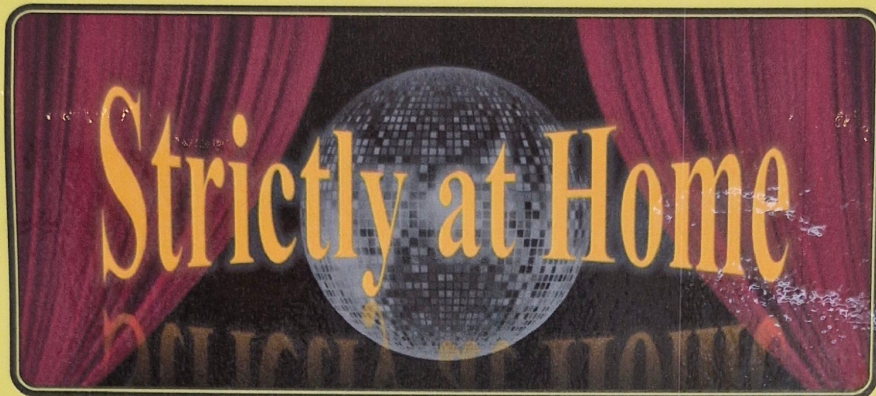

Two members of the Bollywood Dance Company came to visit us and perform some of their traditional dances. There was a lot of interaction with our residents and our staff also got involved. There was a lot of laughter and fun had throughout and some very questionable belly dancing by the staff!!

Upcoming Events

Proudly Presents

Performed for the residents of

Digby Manor

On Thursday 9th October
